Kaname Yanagisawa, Department Head,
Department of Architecture, Division of Architecture and Urban Science,
Graduate School of Engineering, Chiba University

Open Teaching Staff Position

The Department of Architecture, Division of Architecture and Urban Science, Graduate School of Engineering, Chiba University has an open teaching staff position as described below. It would be much appreciated if you could take time out of your busy schedule to share this information and recommend that any suitable candidates apply for this position.

Open position	One professor
Affiliation	Department of Architecture, Division of Architecture and Urban Science, Graduate School of Engineering, Chiba University
Applicable field	Structural Design academic research area
Requirements	We are searching for a candidate who meets the following conditions: 1) Research or design results related to fire resistant structures. 2) Ability to provide guidance to undergraduate and graduate students, regarding lectures, exercises, and experiments related to Disaster Mitigation in Buildings. 3) Ability to provide guidance to undergraduate and graduate students regarding experiments on structural engineering.
Courses to teach	1) Faculty: Strength of Materials, Fire Safety Engineering, Experiments of Structural Engineering II, Thesis Exercise, Thesis Study 2) Graduate school (Master's Program): Disaster Mitigation in Buildings, Elasto-Plastic Theory, Advanced Seminar I, Graduate Research I 3) Graduate school (Doctoral Program): Advanced Fire Engineering Design, Advanced Seminar II, Graduate Research II
Qualifications	1) Ability to provide education and guidance at the undergraduate and graduate levels in the field of Structural Design. 2) Qualifications: Must possess a doctorate degree for research in the Structural Design field (including people who will receive a doctorate degree), or equivalent results (work, etc.). 3) Nationality: Any nationality. However, must be able to conduct classes in Japanese.
Position starts	As soon as possible on or after April 1, 2015
Term limit	By age limit for retirement of Chiba University.
Application documents	1) Curriculum vitae (include a recent photograph, current address, contact information, academic and work history from high school graduation,

affiliated academic societies and associations, certifications, rewards and punishments, etc.)

2) List of research and work results (Divided into the categories of books, theses, reviewed academic papers, academic reports, academic lectures, review papers, and other works. List in chronological order. Include all authors, title, magazine name or publisher, year published, and pages. For other works, list just like a thesis, and clearly specify your role in the project.)

3) Copies, etc. of major papers, books, or other works that have been printed or published.

4) Activities in affiliated institutions or society.

5) Aspirations related to education and research (around 1,000 characters).

6) Names and contact information for two persons who can provide their views on your application.

The standard application document (written forms for teaching staff screening) can be downloaded from the website of Graduate School of Engineering, Chiba University. <http://www.eng.chiba-u.jp/blog/koubo/>

Application deadline December 15, 2014

Submit documents to Kaname Yanagisawa, department head

(person in charge) Department of Architecture, Division of Architecture and Urban Science
Graduate School of Engineering, Chiba University
1-33 Yayoi-cho, Inage-ku, Chiba-shi Chiba 263-8522 Japan

Submission method, etc. Please send documents by postal mail to the above address (write “application documents” on the envelope in red).

kanamey@faculty.chiba-u.jp (Please send questions via e-mail)

Screening method Documents will be screened, followed by interviews.
